We may also remove all information that identifies you from this set of Health Information so that

others may use that information to perform research into health care and health care delivery without learning who specific patients are.

- **To Business Associates for Treatment, Payment, and Health Care Operations.** There are some services that we provide through contracts with business associates. We may disclose Health Information about you to one of our business associates in order to carry out treatment, payment, or health care operations. The limited Health Information that would be used by UTHealth may include demographic information about you (e.g., your name, address, phone number), your doctor, your condition, and the dates you received treatment or services at UTHealth or UTP. Any request for donations you receive will include information about opting out of further fundraising communications, and we will comply with your request to opt out.
- **As Required By Law.** We will disclose Health Information about you when required to do so by federal, state, or local law.
- **Public Health and Patient Safety Activities.** We may disclose Health Information about you for public health purposes. These purposes generally include:
 - Preventing or controlling disease (such as cancer or tuberculosis), injury, or disability;

All research projects conducted by UTHealth are approved through a special review process to protect patient safety, welfare, and confidentiality. This special approval process requires an evaluation of the proposed research project and its use of Health Information. Before we use or disclose Health Information for research, the project generally will have been approved through this special approval process. However, this special approval process is not required when we allow Health Information about you to be reviewed by people who are preparing a research project and who work to review information about patients with specific health needs, so long as the Health Information does not leave our facilities.
- **To Avert a Serious Threat to Health or Safety.** We may use and disclose Health Information about you when necessary to prevent a serious threat to your health and safety or to the health and safety of the public or another person. Any disclosure, however, would only be to someone who is able to help prevent the threat.

We are unable, however, to retrieve any disclosures we have already made with your permission.
 - **Special Privacy Protections for Alcohol and Drug Abuse Information.** Alcohol and drug abuse Health Information enjoys special privacy protections. However we will always agree if you pay for a service or health care item out-of-pocket in full and you ask us not to share that information for the purpose of payment or our operations with your health insurer. We will comply with your request unless the information is needed to provide you with emergency treatment, if we do agree.

We will accommodate all reasonable requests. Your request must specify how or where you wish to be contacted.
- **Right to Amend or Add an Addendum.** If you feel that Health Information we have about you is incorrect or incomplete, you may ask us to amend or add to the Health Information. We may deny your request for an amendment if it is not in writing or does not include a reason to support the request. In addition, we may deny your request if you ask us to amend information that: (i) was not created by us, unless the person or entity that created the information is no longer available to make the amendment; (ii) is not part of the Health Information kept by or for UTHealth or UTP; (iii) is not part of the information which you would be permitted to inspect and copy; or (iv) is accurate and complete.
- **Right to an Accounting of Disclosures.** You have the right to request an "accounting of disclosures" to outside parties by UTHealth or UTP of your Health Information that occurred in the past six (6) years. This accounting is a list of the disclosures we made after April 14, 2003 of your Health Information for purposes other than treatment, payment, and health care operations, as those functions are described above. Your request must state a time period, which may not include dates before April 14, 2003. Your request should indicate in what form you want the list (e.g., on paper, electronically). The first list you request within a twelve (12) month period will be free of charge. For additional lists, we may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.
- **Right to a Paper Copy of This Notice.** You have the right to receive a paper copy of this Notice. You may ask us to give you a copy of this Notice at any time. Even if you have agreed to receive this Notice electronically, you are still entitled to a paper copy of this Notice.
